100 Reasons to Choose Learning Wings

A clear look at the franchise model, learning resources and enabled support tools. No package prices are included.

Your preschool decision deserves more than a starting-price headline.

Explore 100 distinct features and benefits across ten areas. These are reasons to consider Learning Wings, not a claim that other brands cannot offer similar services. Use the guide to choose which resources and support matter to your centre.

01 A practical franchise beginning

02 A curriculum with its own identity

03 Skills for a child’s everyday world

04 Books and school identity resources

05 People who help mentors prepare

06 Help turning a space into a preschool

07 Support for local school operations

08 School records in one workspace

09 Admission Saathi for the next conversation

10 An online presence with learning experiences

Material quantities, student kits, service scope, activation, access permissions and renewals follow the current written agreement. Premises, staffing and local running costs require separate planning. No fixed admissions, income, ranking or business outcome is promised. AI answers can make mistakes.

Discuss your centre: 8586027123 | learning-wings.com

A practical franchise beginning

001 No franchise fee

Begin with the agreed material and service commitments, without a separate franchise fee.

002 No royalty

The Learning Wings model does not charge a royalty on your school revenue.

003 Interest-free in-house EMI

Explore instalments arranged directly with Learning Wings, without bank involvement, on agreed terms.

004 Conditional buyback assurance

Up to 50% of package cost if enrolment remains below 15 students in the first year, subject to eligibility, the signed agreement and Head Office confirmation.

005 A low-investment material model

Plan the school-starting material package separately from premises, salaries and local running costs.

006 Written inclusion clarity

Review the dated material list and support scope before making a commitment.

007 Experienced founder leadership

Founder Director Rekha Aggarwal brings over 20 years of early-childhood industry experience.

008 A broad centre community

Connect with a network described as 500+ operational and upcoming centres across India.

009 An option for existing preschools

Running schools can discuss a separate Learning Wings academic, branding and operational association.

010 Four connected preschool stages

The learning journey spans Blooming Wings, Growing Wings, Learning Wings and Flying Wings, from Pre-Nursery to UKG.

A curriculum with its own identity

011 Curriculum developed within Learning Wings

Original academic resources are developed under the founder’s guidance with the academic team.

012 NEP 2020 and NCF 2023 aligned approach

The published academic approach follows these early-years education frameworks; alignment is not a government certification.

013 Indian culture and values

Learning connects children with Indian traditions, philosophy and age-appropriate values.

014 Play as a teaching method

Toy-based activities and purposeful play help mentors introduce early concepts.

015 Weekly learning plans

Class-wise planning resources give mentors a structure for the week.

016 Daily classroom planning resources

Routine and activity files support preparation for a child’s school day.

017 Developmental evaluation instead of exams

Observation during activities guides supportive next steps without preschool exam pressure.

018 Festival and celebration guidance

Academic celebration plans connect meaningful occasions with classroom experiences.

019 Parent participation in learning

Parent activity guidance helps families take part in a child’s learning experiences.

020 Environmental responsibility

Nature care and everyday observation bring awareness of the environment into learning.

Review basis: /learning-approach

Skills for a child’s everyday world

021 Early phonics

Sound-based language experiences support foundational literacy.

022 Listening through storytelling

Stories create opportunities to attend, remember and respond.

023 Rhymes and musical expression

Rhythm, rhyme and music invite children to participate and express themselves.

024 Vocabulary through conversation

Guided talk and role play support spoken language and communication.

025 Number sense

Counting experiences build early understanding of quantity and numbers.

026 Sorting and matching

Classification activities help children recognise relationships and differences.

027 Reasoning and problem solving

Age-appropriate challenges encourage children to think, try and explore solutions.

028 Fine motor development

Creative and practical tasks support hand coordination and emerging independence.

029 Feelings and friendships

Turn-taking and shared experiences support social and emotional learning.

030 Personal safety and healthy habits

Age-appropriate topics connect learning with care, wellbeing and everyday responsibility.

Review basis: /learning-approach

Books and school identity resources

031 Class-wise original books

Review Learning Wings books matched to the stage your centre plans to offer.

032 Creative activity worksheets

Activity resources give children opportunities to make and create.

033 Writing and tracing practice

Practice resources support early pencil control, letters and numbers.

034 Hindi learning resources

Original Hindi titles support the language component where applicable to the class plan.

035 Rhyme and Story Pitara

A dedicated resource family brings rhymes and stories into the learning portfolio.

036 Code Nest resources

Original resources introduce age-appropriate early coding concepts.

037 Coding and STEM books

The portfolio includes material for exploration, discovery and early STEM thinking.

038 Recognisable orange and navy uniforms

School identity resources offer a consistent Learning Wings uniform look.

039 Student kit essentials

Kit options can include bags, identity cards and related school essentials, according to the current list.

040 Actual samples before deciding

Families exploring a franchise can review real book pages and kit samples with Head Office.

People who help mentors prepare

041 Pre-launch mentor preparation

Training guidance helps the teaching team prepare before opening.

042 Regular weekly training

At least three sessions each week cover academics, marketing, counselling or other centre needs; see the calendar.

043 Guidance on using curriculum resources

Mentors can discuss how class-wise academic resources translate into teaching practice.

044 Activity facilitation guidance

Training can help mentors lead games, practical tasks and guided activities.

045 Classroom routine guidance

Mentor support addresses the daily organisation of a preschool classroom.

046 Parent counselling training

Relevant sessions help the team explain the learning approach to families.

047 Marketing training topics

The training mix can include local promotion and admissions awareness.

048 Support for centre leaders

Training and coordination extend to counsellors and centre leadership, as relevant.

049 A training calendar to plan around

The weekly calendar clarifies topics, intended participants and the joining process.

050 Academic questions after opening

Ongoing academic coordination gives mentors a route to discuss classroom needs with Head Office.

Review basis: /franchise-support

Help turning a space into a preschool

051 School layout guidance

Discuss classroom organisation, school design and walkthrough planning for the available space.

052 Classroom furniture options

School-starting material lists include furniture such as preschool chairs and tables, as agreed.

053 Play equipment options

Explore the classroom play equipment specified in the applicable material list.

054 Wooden learning puzzles

Hands-on puzzle options cover early learning topics, according to the selected material list.

055 Flash card resources

Flash cards provide visual material for mentor-led learning activities where included.

056 Puppet resources

Puppet options support expressive classroom experiences where included in the material list.

057 Classroom boards

Teaching and display boards help organise classroom communication where specified in the quotation.

058 An opening readiness checklist

The public opening guide helps you plan space, team, parent enquiries and school records.

059 Infrastructure and vendor guidance

The published setup support includes infrastructure or vendor guidance within the agreed scope.

060 Material coordination with Head Office

Discuss item quantities, material readiness and delivery arrangements before opening.

Review basis: /franchise-support, /how-to-start-preschool-india, /offer

Support for local school operations

061 Social-media post creatives

Promotional creative support helps your centre communicate its presence locally, as agreed.

062 AI video content support

The published support offering includes AI video assistance within current inclusions.

063 Pamphlet resources

Printed promotional material can support local awareness where specified in the offer.

064 Offline branding guidance

Discuss school signage, banners and other local branding resources within the support scope.

065 Admissions counselling guidance

Get help explaining the school proposition during real parent conversations.

066 Parent workshop guidance

Workshop support gives centres a format for engaging parents on relevant topics.

067 School quality review support

The published service guide includes school quality review and improvement guidance.

068 Parent feedback guidance

Support includes ways to listen to parents and coordinate responses to their concerns.

069 Staff hiring and HR guidance

Discuss staffing preparation and HR-related school needs with the support team.

070 Franchise documentation and SOP guidance

Documentation and operational process support help clarify day-to-day responsibilities.

Review basis: /franchise-support

School records in one workspace

071 Digital student records

Enabled School App modules organise student information for the centre.

072 Student attendance records

Maintain attendance through the module enabled for your school.

073 Fee charge records

Record scheduled charges so fee obligations can be reviewed.

074 Payment and receipt records

The fees workflow records collections and prepares receipt information.

075 Pending fee follow-up

Review pending balances and prepare WhatsApp reminders; delivery is not promised as fully automatic.

076 Class-wise academic updates

Enabled academic tools provide a place for homework and learning information.

077 School notices

Share approved school notices through the applicable communication workflow.

078 A class gallery

Enabled gallery access lets linked families view class-related photographs.

079 Recorded developmental observations

The evaluation module organises child-specific developmental information.

080 Role-based access

Head Office enables modules, centre access and linked-parent access according to permissions.

Admission Saathi for the next conversation

081 A branch-specific Bunny QR poster

Published centre enquiry pages can have their own downloadable English QR poster.

082 A published centre enquiry form

Parents can send an enquiry through the branch’s published page.

083 A Bunny guided enquiry route

Parents can use a guided enquiry experience instead of entering everything at once.

084 A separate admission workspace

Enabled centres have a dedicated place to review their own parent enquiries.

085 Follow-up notes

Centre staff can record the context of parent conversations.

086 Next follow-up planning

The enquiry workflow supports planning the next contact with a family.

087 School visit planning

Teams can arrange and record school visits as enquiries progress.

088 Admission status tracking

Update the outcome or admission status so the next step stays clear.

089 Enquiry data export

The centre enquiry system provides a data download route for authorised users.

090 Head Office enquiry coordination

Centre teams can discuss enquiry progress and local support needs with Head Office.

Review basis: /franchise-support#admission-saathi, /admission-saathi

An online presence with learning experiences

091 Your centre’s own public website

Head Office can activate a dedicated public website for your local Learning Wings centre.

092 Location-specific centre information

The centre website presents local address and location details for discovery.

093 Centre photos online

Approved photographs help local families see your centre before a visit.

094 Programme information online

Published centre information can explain the classes or programmes families are considering.

095 A shareable centre website link

Give local families a direct digital route to your school’s published information.

096 Search-ready centre pages

The published website support includes local page details, share previews and sitemap inclusion.

097 Ask Bunny franchise guidance

The main site offers an AI assistant for common franchise questions; confirm commercial answers with Head Office.

098 A Stories and Rhymes library

A public video library lets families explore Learning Wings learning content.

099 English Hindi and Hinglish assistance

Published Bunny experiences support these languages for relevant learning and enquiry conversations.

100 Questions connected to a watched video

The Watch Ask and Learn experience lets users ask Bunny about a story or rhyme and explore an activity.

Review basis: /franchise-support, /stories-rhymes, /ask-bunny

Confirm the right fit for your centre

Commercial terms

Material quantities, student kits, service scope, activation, access permissions and renewals follow the current written agreement. Premises, staffing and local running costs require separate planning. No fixed admissions, income, ranking or business outcome is promised. AI answers can make mistakes.

Digital features

School App, Admission Saathi and centre websites require activation and appropriate permissions. A feature present in the product is not automatically included or enabled for every centre.

Academic language

Organic means Learning Wings' original child-centred curriculum approach. It does not mean an environmental product certification. NEP and NCF alignment is not government approval.

A useful next conversation

Share your city, proposed classes, available space and opening month. Ask for the current material list, training calendar and agreement. Avoid treating admissions, income or search visibility as guaranteed.
